

Instructions for JStrong Ranger Rear Dust Panel EK 414

Parts List:

1-Rear Acrylic Clear view Dust panel
2yds Velcro

Tools Required

Scissors

Toll Free 1-877-444-4147
www.Jstrongindustries.com

Installation Instructions:

Step 1

Remove rear panel from box and place over the rear of the Rangers roll cage as shown in (Fig 1a) and (Fig 1b). Notice in figure 1a the top of the rear panel wraps over the roll cage cross bar and attaches to itself with Velcro.

Step 2

Strap the sides of the rear panel on the left and right side as shown in (Fig 2.)

Step 3

Before supplied Velcro can be installed, you must clean both the corresponding roll bars with alcohol.

Step 4

Install supplied Velcro on each side of the rear roll cage bars to corresponding Velcro mate on rear panel.

Step 5

Install additional Velcro as needed across the bottom of the rear panel.

Your installation is now complete!
