Toll Free 1-877-444-4147
www.Jstrongindustries.com

Parts List:

- 1-Left Side Door Panel
- 1-Right Side Door Panel
- 10 yards velcro

Tools Required

Scissors

Installation Instructions:

Step 1

Remove panels from box and place on a clean, dry, flat surface. Check the contents with the above parts list.

Step 2

Clean the roll bars with alcohol. Allow time to dry.

Step 3

Place side panel on the roll cage and strap it down as shown in Fig 1. Attach the bottom J clamps in the fender wells as shown in(Fig 2 –front) & (Fig 3-rear).

Step 4

Install supplied Velcro(hook side) on each side of the roll cage. Align with the corresponding Velcro mate (loop side) on the side panel as shown in (Fig. 4)

Your installation is now complete!
